Set Your Goals for Social Media and Technology

Directions: Using technology and enhancing your digital presence is extremely important in today's job market. This sheet is focused on helping you to establish your goals for technology use in your career and professional development.

What are your career goals?

How does your digital presence (social media, person site, etc ...or lack thereof) affect your career goals?

List the topics that you discuss on social media or your personal website. What are you known for? What would you like to be known for?

Evaluate Your Presence

Step 1. & Step 2.
First, you discuss your goals with your partner and then you will search each other on the web. Next you will evaluate your partner’s digital presence. What did you see that is effective or ineffective? Are their goals being met by what they currently have? Make notes of what you find below.

Step 3.
Next, you will provide constructive feedback to your partner about what you found. Please write down the feedback that you’re receiving below. Take time to also search yourself after today!
